MISSOURI FOLIFICA.

The following is the latest development in the Missouri imbroglio. It is proper to explain ne Missouri imbroglio. It is proper to explain that if was written before the recent election,

that it was written before the recent size use, gives which, according to latest advices here, gives Missouri to the Radicals by about 4,000 majority. Mr. Edwards thus dismissed from office for conduct contrary to the views of the Administration and the State government of Missouri, is simply a Radical. He was nee of the Missouri delegates here, and has need in immate friend, if not also a law student, of the Astorney-General.

The leading event of the past week is the Senatorial election. The first ballot was taken on Thursday, when B. Gratz Brown gained hen on his highest rote at the previous seation. From this moment the proposed coall time between the Claybanks and copperises was broken up, inasmuch as the probability of such a fusion had taken off several claybanks who were Union men at heart, and became the further attained to proceed each a fusion would have inevitably driven other Chaybanks into the ranks of the Radicals. The absence of several members on both sides reduced the number of votas required to dr ck, and the secret of the read strength of the Radicals was wisely anyt until the failed to the complete of the read strength of the Radicals was wisely anyt until the fail to the past from the complete of the Radicals was visely anyt until the fail to the past of the Radicals was visely anyt until the fail to the past of the Claybanks to prevent as decided. The part of the Claybanks to prevent as decided. The part of the Claybanks to prevent as decided to do any mischied. The election of E. Grats Brown is a glorious visuant, and the late election, places Missouri right on, the record. It seats the downfall of the Gample Blair Schofield policy, and must speedily alter the President's view of the Missouri question.

BROWNSVILLE EXPEDITION.
The secret was more than well kept.
The public, eager to know what was affont,
were cusmingly misled; and the New Orleans expedition, destined as everybody
supposed, for Mobile, is heard from at
Brownsville. Southern Texas is the point,
and the trade, which the blockade could
not there, have a streamed purt or object against which the expedition is pri-marily directed. As a landing has been successfully effected, the contraband complies. But there is more work to be done In is believed that the Unionsm of Texas is ready to embrace the first available op-portunity for throwing off the yoke of the oppressor; that nothing but the nucleus of a Federal army, securely entrenched on the western road of Massachusetts for forty alles to Chatham, an arrangement which is ready to embrace the first available optivarily subjects a road to frequent delays, and the completion of a track of their own to Albany ill bring the supercilious Hudon River gentry to their senses, and toree them to conduct their road ith some regard to decency and to rights and the convenience of the public As to the Michigan Central, the Great estern, and the New York Central, all e West knows that they are managed the consummate ability, and the comforts the tensor of the first available option of the public for t the West knows that they are managed the safety, and the convenience of the trav-ling public are promoted by all con-sected with them in every possible man-

Auber's new opera is nearly ready for pro-laction in Europe. Chastanooga and Chickennauga.

A Chectan scholar, writing to the New Orleans Ere, gives the following meanings of the words Chickennauga and Chatanouga, which have now gone into history: Its mane from the bands of the river, shore which, or the bend shore the toe of the moccasin, lies the town of Chatta-roogs. Moccasin from, from which the Federal batteries bombarued those of the Confederates on Loakout Mountain, is at the toe of the moccasin. The mountain rices below this and along the sole of it. The "moccasin track" is at once suggested by all who view the landscape from Lookout Mountain. Several valuable prizes have recently be ally a functioned and the money will dy for distribution in the course of a we rendy for distribution in the comes of a week or ten days. Among them are the Memphia, the Britania, and the Victory. The former was exputived by the U. S. steamer Megnolia, and yielded the sing sum of \$510,914.07, after paying the expenses of adiadectation. Acidian Volunteer Lituri. Wim. Budd is the huppy man who takes as his share \$53,418.56 have seen not being attached to a squadron at the time of the capture, and his share being three twentieths of the shall swarded to the captors. All the officers on this vessel be lenged to the volunteer service, and high sav-cral shares amount to a handsome sum. The salters, too, come in for a small forcinus for come in for a small for use samen gotting \$1,736.86 each nen, \$1,350.88, and the isod dinary seemen, \$1,300 SS, and the landsmer \$1,15791.

The Britania and Victory were captured by Commander R. H. Wyman of the Santing Ge Cube, the former yielding the aum of \$100 005 72, and the latter \$200,008 55, mix log \$450,005 72, and the latter \$200,008 55, mix log \$450,005 12, and had seed to the case while the officers white same such receive \$37,77, or there seemen \$403,13, and landsmer \$500 40 Another steamer was captured about the same time which has not yet been significated—making aftegether a very handsome sum The tables in these cases are given below.

The navy is in immediate want of seeme and with such chances for fortunes it is maxing that the want exist for a single day. Al will agree that "beck" is respired a reward to the service.

Metropolita Hall.—Arlington, Kelly, Leoa & Densitier, the elf favorlies, are drawing full houses at Metroplian Hall. Our readers know them too well to need any commondation from us. Their burlesques are enough to provide a laugh from the soberest Quaker that erac existed, and their music is tip-top. Go and hear tiem.

New MUSIC HOUSE.—We hear that the well known afron of Smith & Nicons, plano dealers in Clacianusi, are ubout to establish a house in this city. They are the agents of Stelaway & Son's celestated pianos. From the excellent reputation those gentiemen have squitzed in their cilcoal'ty, we have no doubt, of their abundant success. Mr. Nicon, we believe, is to be the resident parimer here.
